#GetLoud

about what **MENTAL HEALTH** really is.

We all have #MentalHealth just like we all have physical health.

Every one of us.

#GetLoud this #MentalHealthWeek about what mental health really is.

www.mentalhealthweek.ca

Mental health is about more than mental illness.

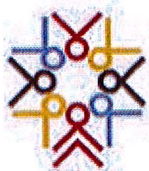

It's more than being happy all the time.

It's about feeling good about who you are, having balance in your life, and managing life's highs and lows. Everyone deserves to feel well, whatever their mental health experience.

And we all need a support system to lean on.

THE FRIDAY BREAKFAST TEAM

In addition to providing an opportunity to meet, the Friday Breakfasts financially support our community training room.

Over thirty people enjoy gathering week after week.

Between October 19 and April 26,
26 Breakfasts were offered !

And \$ 5545 has been raised!

Today we congratulate the fantastic team of volunteers who organized the Breakfasts : nearly a dozen people have been involved during the off-season, organizing these breakfasts !

THANK YOU to Rita D. Turriff, Diane D. Guilbeault, H el ene Gendron, Marcel Blanchet, Martine Bouchard, Ren e Lepage, Francine Langlois, Fran oise Rousseau, Christine Lavoie, Simon Pelletier, No ella Boucher, Huguette Rousseau, Normand St-Laurent and Anik Tardif, who participated depending on their availability. Your involvement, your generosity and dedication undoubtedly contribute to the vitality and quality of life in our community. **THANK YOU** to each and every one of you!

As well as **THANK YOU** to Bruno and D epanneur M etis-sur-Mer for their contribution to the Breakfasts!

The whole M etis community was saddened by the loss of Edith Turriff. For decades, she was known for her generosity, providing desserts and baked goods to support all fundraising and community events.

She will be greatly missed.

In honour of Edith and all her years of community work, please remember to support your local community in every way.

A huge thanks to all who donated to the Canadian Kidney Foundation's 2019 campaign. As a volunteer, this year, I collected the greatest amount in my life - \$680.

Thanks very much in the name of everyone who may one day need care. Jules Castagner

ÉCOLE L'ENVOL NEWS

Hello,

We had a great trip visiting the capitals and old capitals of Quebec and Ontario. We also met the students of Marie-Thérèse Kamal's class at École Notre-Dame de Gatineau. They were all very nice. We completed this trip with our teacher Philippe Cavanagh, Amélie Beaulieu, our specialized educator, Lysanne Brochu, an accompanying parent and Maxime Claveau, our physical education teacher. We asked some of the students and Maxime Moreau, our new teacher, for their opinions about the trip.

-My name is Justine and I loved the trip and the atmosphere. The place I liked most was "The Ripley's Aquarium of Toronto" because it was so beautiful and the marine animals are really show cased there. The music with the beams of colored lights gave it a very pleasant atmosphere.

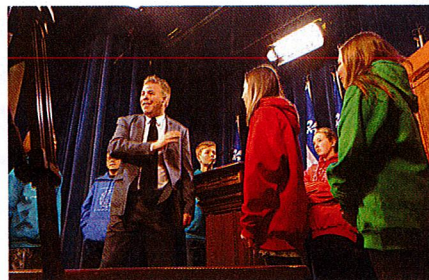

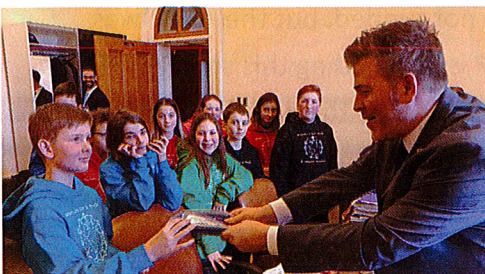

-My name is Ivy and I loved the trip because of the fun we had. It was the first time I ever went on a trip and I discovered the amazing differences that are everywhere in our world.

-My name is Émile and our trip was wonderful because it was filled with activities that I liked. It was our last moments with our teacher and I am grateful for all he did for us

-My name is Maxime and I am the new teacher in Philippe's class. I think it is great that the kids had such a good trip. They learned many things about the capitals and the different cities they visited. It also gave them the chance to be introduced to new cultures.

LIGHTHOUSE – MOVING FORWARD IN 2019

Late last fall, the Ville and the Association des résidents de la Pointe du Phare (ARPP) signed a 15-year lease for the management of the Pointe-Mitis lighthouse site. The ARPP immediately commissioned the necessary plans and specifications for the full renovation of the exterior of the lighthouse tower and applied to Parks Canada for funding for this work. Unfortunately, the application was not funded, but the ARPP was

strongly encouraged to resubmit the proposal next year. Regardless, the ARPP is proceeding this spring with urgent renovations of the keeper’s house, which should be ready to welcome guests by the end of summer. The association is also working hard to open the site to the public on a daily basis. Plans will require visitors to park their vehicles at the head of Route du phare (near Route 132) before making the short walk to the lighthouse site (about a 15-minute stroll). To facilitate these visits, the ARPP is

LIGHTHOUSE (CONTINUED)

is collaborating with the Ville and local property owners to develop a small parking area and information kiosk and hopes to have them completed by mid-summer. The ARPP will also continue hosting a number of public events at the lighthouse this summer including their annual community picnic and other activities in collaboration with community groups. One in particular is the Heritage Lower St. Lawrence's *Rotating the Lens*, which will involve a series of workshops to develop tile mosaic artwork for the site. For more details on this and other events as well as progress on renovations and improvements, please visit the ARPP website (<http://www.savemetislighthouse.org/>).

Let's keep our seal population happy

We are now into the birthing season for seal pups, which is also the season when seal pups die needlessly, either victims of the kindness of people who want to “help” them or the recklessness of those hoping for a cool selfie. True, they are adorable! And sure, their cries are heartbreaking and we want to rescue them. We do have good intentions! But the fact is that in general, they are simply resting or patiently waiting for their mother to return to feed them, which she won't do if there are two-legged creatures around! She might even abandon the pup if she no longer recognizes its scent because of human contact, condemning him to certain death.

Even after their weaning, it is not uncommon to see them staying for hours on the shore. They're still just resting. They are oblivious and may even come towards you, calling out to you. They don't know it's dangerous. You do! You want to help? Keep your distance (at least 50 m) and keep your dog on a leash! If you see people approaching a seal pup, explain that they are putting that baby's life in danger. If you have family or friends visiting, let them know too! Remember that these are unpredictable wild animals that can be aggressive, bite and transmit disease.

For kayakers, if you approach rock formations and the adult seals seem more and more agitated around you, they're telling you that you are too close and that you are disturbing them! They are likely protecting their pups. Just paddle away and they will probably escort you a while, giving you a great opportunity to observe them.

Call Marine Mammal Emergency immediately at 1-877-722-5346: if you see an injured seal; if people are handling or disturbing a seal on shore; or if you find a dead seal beached ashore. If needed, trained volunteers can go on site to raise awareness. Unfortunately, Métis-sur-Mer is a known “hot spot” for cases of harassment involving seal pups, so let's spread the word and try to educate not only the people here, but also the many visitors who come to see us every summer. The seals thank you!

The Green Newsletter – « Winter is over, it's écocentre time! »

Hello,

It's official: winter is (finally) over and it's spring-cleaning time! Do you have a large amount of material for disposal that may be too much (by volume or its nature) for regular pick-up? As usual, the Écocentre of La Mitis is your deposit point allowing you to get rid of this unwanted residue in a responsible and environmentally-respectful way. From April 23 until November, our opening hours are:

Monday to Friday: 8:00 a.m. to 4:45 p.m.

Saturday: 8:00 a.m. to 3:45 p.m.

Sunday: Closed

Materials that are accepted include:

Construction materials

Ferrous and non-ferrous metals (aluminum, iron, copper, etc.)

Bulky items (furniture, appliances, fridges, mattresses, etc.)

Computer, electronic and electrical components

Tires (48" and less) – fees may apply for tires of larger dimensions

Hazardous household waste (paint, batteries, used oil, etc.)

Yard waste (branches, leaves, etc.)

And more!

Before bringing your goods to the Écocentre, please **sort your materials** by type. Thoroughly **secure the materials** in your vehicle so that they do not fly away en route.

Your Écocentre provides its services for free if you are resident of La Mitis. Take advantage of it! It is located at 428 Roger-Marcoux Avenue. Access is via Perreault East Road, near the Mont-Joli airport.

But wait, there's more! You are invited to come and see various items available for purchase at low prices: furniture, construction materials, home goods, books and more!

For additional information on your Écocentre de La Mitis, visit www.ecoregie.ca or call 418-775-8445 ext. 2280.

Public Interest Notice

As part of a project led by *Ouranos - Consortium on regional climatology and adaptation to climate change*, a random sample of people living in Métis-sur-Mer will be approached in the coming days to complete a 15-minute survey on the socio-sanitary impacts of erosion and coastal flooding. The results will be integrated into a cost-benefit analysis on coastal environments, which aims to increase the region's capacity to cope with climate change. **The research team will be in the area from May 10th to May 26th and will collect data door to door.** Participation in this study is voluntary and the confidentiality of the data collected is guaranteed by the research team.
